

KREWE OF KRAMPUS COAL GUIDELINES

- St. Nicholas has gold coal, Sisters of SHHH have white coal, and all other Krewe members have black coal. Except for the St. Nicholas coal no other coal may be gold.
- All coal must be decorated and placed in bag with tie. These bags and ties will be provided, but in the event you need more they are the Wilton Party Bags 4 in x 2 in x 9.5 in (stock #1912-0161). See photo for examples of coal and bag.
- All coal should have a tag attached to the tie. Krewe and Sisters of SHHH tag documents are on the shared drive. See the member section of our website. Tags work best printed on card stock.
- Coal or coal packaging may not contain profanity, messages of hate, or any other potentially offensive language or iconography.
- All coal must have the designated hashtag written on the bottom. For gold coal it will be written in black, white coal will be written in blue, and black coal will be in metallic gold. The pens that should be used are Sharpie markers. For 2018 the hashtag to be used is **#NOLAuf18**. See photo for example of placement.
- Krewe members will each receive 15 lumps of assorted coal.
- Once coal has been issued to you do not give your coal to another Krewe member. We track the coal and will make sure everyone receives their coal.
